Nachtmann
FINE BAVARIAN CRYSTAL
THE LIFE STYLE DIVISION OF RIEDEL GLASSWORKS

GO GREEN - SUSTAINABILITY

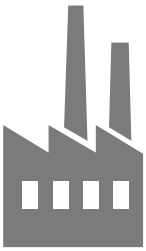

Our Glassware

- Durable / sustainable product - long lasting and reusable for many years
- Up to 50% made from recycled Riedel crystal within our factories
- Crystal-Glas is inert and does not react with substances or materials that it comes into contact with (in contrast to plastic which, for example, can release Bisphenol A (BPA))
- Production processes are completely BPA-free / no plastic
- Our crystal Glas is compliant with all known migration limits and is fully certified for safe usage with food and drinks
- 100% recyclable

Our Packaging

- Green Dot certified (production sites Germany - the company is committed to recovery and recycling)
- 45% FSC® - Forest Stewardship Council
- Reclay whole system (production sites Austria)
- Recyclable
- We work with sustainability-committed suppliers only. For example, with Mondi RIEDEL has won a Sustainability Award for the jointly developed packaging solution from Riedel Performance.

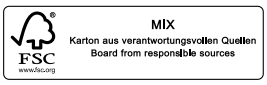

Our Factories

- Implemented environment certificates ISO 14001: 2015 and ISO 50001: 2011
- Main raw materials are locally sourced e.g. quartz sand from Hirschau (short transport routes)
- Energy-saving projects include: compressed air, burner technology, energy efficient drives, LED lighting, waste heat recovery, water saving measures
- Substitution of hazardous substances with more environmentally friendly options

Luxury every day, with fine Bavarian crystal

More than 190 years of experience, skill and tradition has gone into the creation of this high quality Nachtmann glassware.

Sparkling since 1834, we aim to bring a little luxury and brilliance to modern-day life.

Sparkling since 1834

Since Michael Nachtmann founded our company in 1834, we have steadily built our reputation as a specialist in crystal glassware. In 2004 we became the lifestyle brand of Riedel Glassworks, a family owned business with a proud 265 - year heritage.

In 2024 Nachtmann is celebrating its 190th birthday. At Nachtmann, our past shapes our present and our present shapes our future. From previous generations to the next generation, we respect craftsmanship and we relish creativity. From classics to cutting-edge, from special days to the everyday, we provide more than 190 years of crystal glassware fit for the occasion.

The best of Made in Germany

Respecting our past, we actively shape our future. With an artisan heritage stretching back 190 years, we are pioneering environmental technology at among one of Europe's most modern plants. Here, in the best German tradition, we combine craftsmanship with rigid quality control, new technology and a passion for perfection.

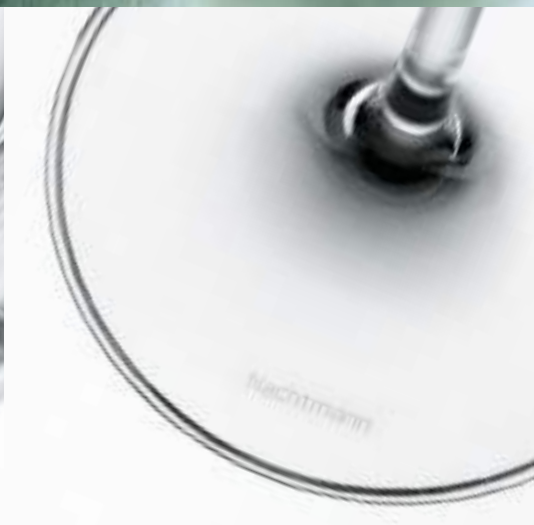

Reflecting our long established commitment to sustainability and environmentally friendly operations, we renewed our DIN ISO 14001 certification in 2010. This acknowledges our introduction of leading environmental management practices since 2001.

CARE AND USE

IMPORTANT HINTS FOR GLAS USE

All arround the world renowned restaurants use Nachtmann glasses and crystal ware for the setting table. In order to guarantee maximum pleasure when tasting wine, it is important to consider the following professional hints, which we hope you will find of interest.

FOR A PERFECT RESULT

1. Wash under warm water, detergent is not necessary
2. Place on linen to dry for the time being
3. For extra shine, steam over boiling water
4. To polish use 2 microfibre polishing cloths
5. Hold Glas by base and polish
6. Use left hand to cradle the bowl and polish with your right hand
7. **NEVER** twist the base and bowl
8. Perfect result

BEVERAGES AND GLASSES

Rules when handling connoisseur glasses:

1. Filling the Glas

Fill the Glas only to the widest diameter of its bowl. This will ensure maximum development of the wine´s bouquet, and also provide the most elegant table setting.

2. Holding the Glas

The appropriately filled Glas should always be held by the stem rather than the bowl, as heat from the hand could raise the wine's temperature above its optimum and negatively influence the bouquet of the wine.

3. Swirling the Glas

Carefully swirling the Glas allows oxygen into the wine by increasing its surface area and helps release the wine´s rich, mature aroma.

4. Why and how to decant wines

To decant wine means to transfer it from its bottle to a DEKANTER or Karaffe before drinking. During storage or aging, wine can develop a solid deposit or sediment at the bottom of the bottle. Decanting is an easy means of separating the sediment from the wine. Decanting also helps the wine breathe, as the greater surface diameter of the DEKANTER lets more oxygen reach the wine than the bottle's does. Red wines should be decanted well before serving and allowed to rest at room temperature for up to one hour to allow the wine to fully develop its bouquet.

5. Wine temperature

Before decanting and/or serving wine, please store it at appropriate temperature (red wines at 59-63 degrees F, 15°-17° C, white wines at 50-54 degrees F, 10°-12° C). The proper serving temperature enhances the quality of the wine by allowing it to fully develop its characteristic aromas and flavors.

6. Washing the Glas

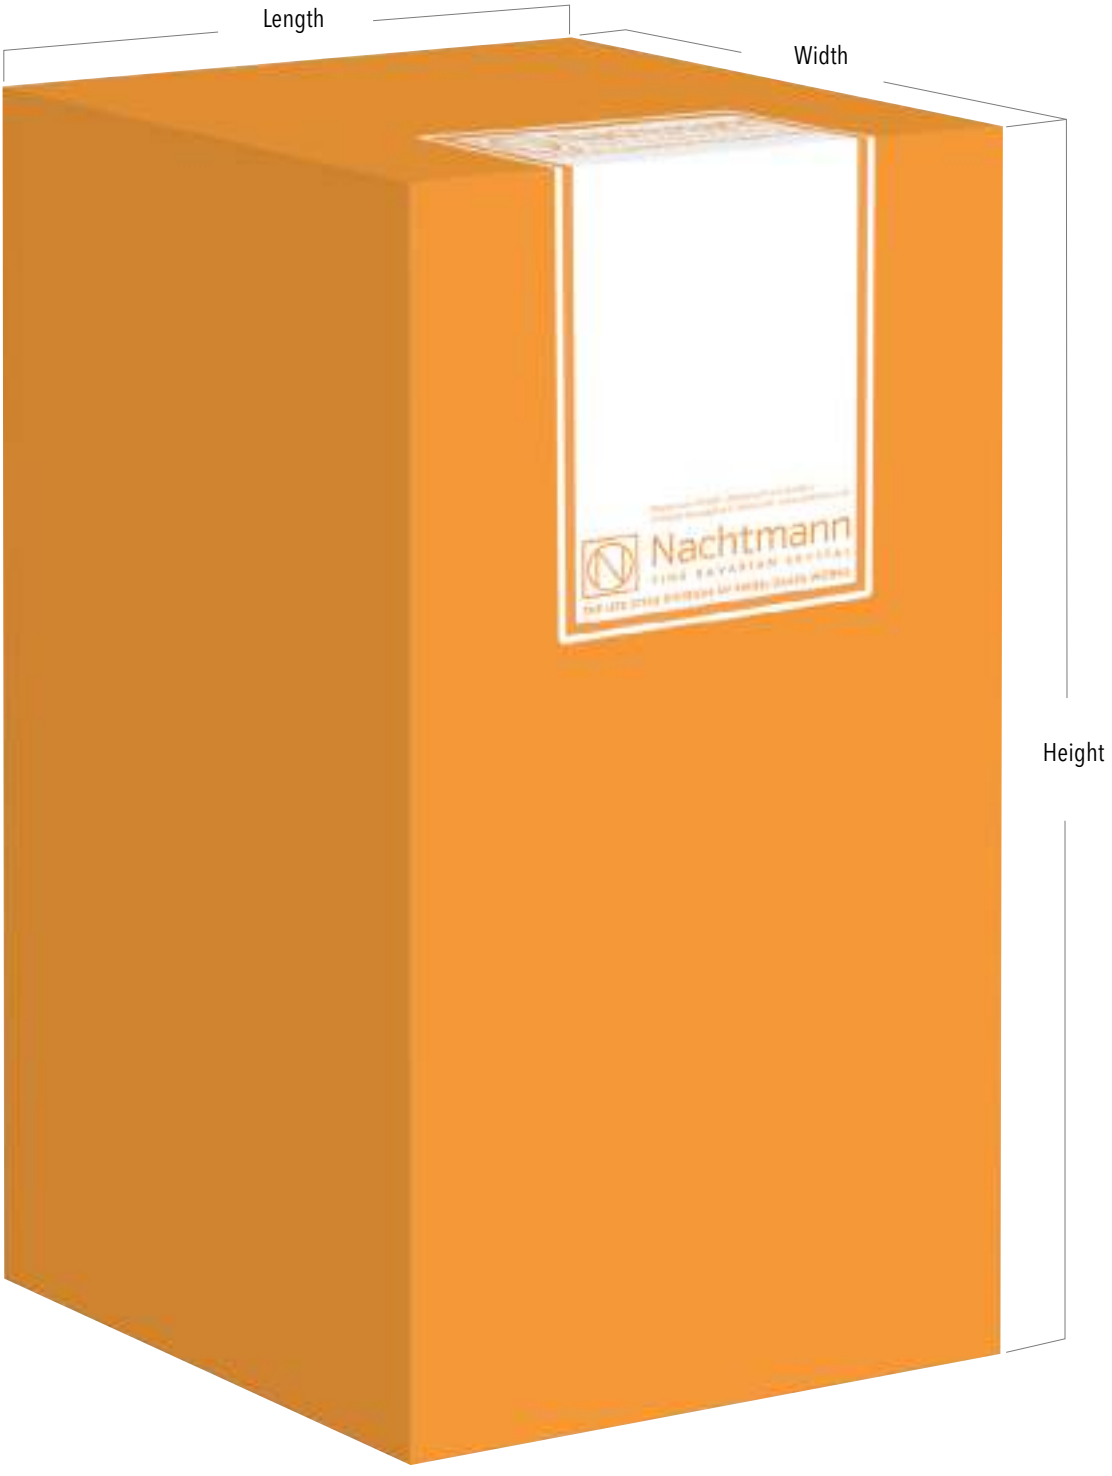

Glasses should always be washed carefully, preferably by hand. Nachtmann glasses are 100% dishwasher safe, but they are best cared for by avoiding harsh detergents and choosing a cool, short dishwashing cycle. To avoid detergent residue, rinse glasses thoroughly in clean water. When drying the bowl of the Glas, avoid holding the Glas by its stem or base as this can, in extreme cases, cause the stem to break at its narrowest point.

SIZE CHART - PACKAGING

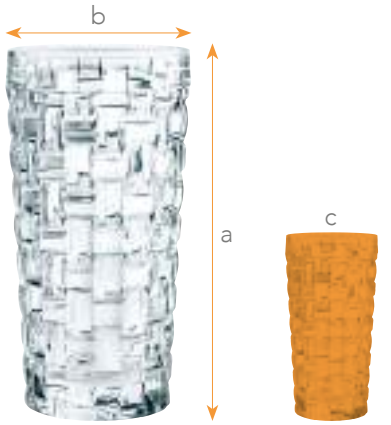

All items are packed in orange, white or brown standard cartons.
